IMPALA IS FOR EVERYONE:

Whether you're into roller skating, inline skating, or skateboarding, it's all about having fun. Welcome to the #impalaskatesquad

ABOUT IMPALA:

Launched in Melbourne Australia in 2017, Impala is driven by a team of girls with a passion for skating. With a nostalgic throwback to the 70's, 80's & 90's, Impala is bringing back the yesteryears of skate.

OUR MISSION:

Our mission is to help support a positive and encouraging community for skaters of all levels that is welcoming to, and celebrates diversity in all walks of life. Impala is for everyone!

PRODUCT:

We care about our impact, and endeavour to create a product that is conscious of this. Throughout all stages of design and production, we are mindful of every detail - from the materials to the manufacturing processes that we use. We are proud that our roller skate and inline skate range are PETA-approved vegan.

We have partnered with the National Forest Foundation (NFF) to donate to their tree-planting program - planting three trees for every one tree we harvest in the making of our skateboards.

IMPALA

Skateboards

IMPALA IS FOR EVERYONE:

Whether you're into roller skating, inline skating, or skateboarding, it's all about having fun.

Welcome to the #impalaskatesquad

ALL FEMALE ARTISTS:

Impala is driven by a team of girls and our skateboard range features artwork from some of our favorite artists and illustrators, including Robin Eisenberg (LA), Art Baby Girl (NYC), Surfy Birdy (Florida), Pea The Feary (USA), Martina Martian (Europe) and Elroseabel (Melbourne).

PRODUCT:

We are proud to be backed by Globe International's 30+ years' experience in manufacturing skateboards. Our aim is to create a skateboard range that not only looks good, but is backed by a lifetime guarantee, all at an accessible price.

SUSTAINABILITY:

We care about our impact, and endeavour to create a product that is conscious of this. Throughout all stages of design and production, we are mindful of every detail - from the materials to the manufacturing processes that we use.

We have partnered with the National Forest Foundation (NFF) to donate to their tree-planting program - planting three trees for every one tree we harvest in the making of our skateboards.
